YOUR COMMENTS ON THE CASE

Please provide your representation below.

I am a resident of Rhosllongwrnog and I live about half a mile from the proposed site. I am 78 years old and was born here and have lived here all of my life. I have been a Community Councilor for 23 years, but I am opposing this application as a very concerned member of the public.

I use this road every week, and it is a narrow country road totally unsuitable for H.G.V. vehicles and even smaller wagons. Coming on to the proposed entrance from Rhos there is a sharp corner and a dip in the road. When the weather is bad this dip fills with water and the road floods.

I have personally seen a number of vehicles turned over on this stretch of road, and a couple of years ago a large wagon over turned and landed up in the ditch. A crane had to be brought, and the road was closed for a day and a half.

This road is also a route to the local crematorium, and I don't like even to think of a hearse and a large vehicle meeting on one of the many corners. I would please like to know if anyone from your department

YOUR COMMENTS ON THE CASE (continued)

has been to view this road, and if so I would be very interested to see his/her comments.

Is it at all possible for the residents to have a site meeting with some one from your planning department to lay to point of the local concerns.

I look forward to your reply
Yours sincerely,
