Revisions/ Notes

North Symbol is for indicative purposes only

The whole site is extremely overgrown with large parts completely inaccessible.

Where accessible, only trees with a bole diameter over 300mm were surveyed.

All buildings on the site are extremely dilapdated/ dangerous and very difficult to reach so building locations are to be used as a guide only

All critical measurements to be checked on site.

This drawing supersedes 73/GA/2489-B with bounadries now surveyed.
