

Lend Lease

Lend Lease is a leading, fully integrated, international property and infrastructure group. We provide innovative and industry leading project management, construction and design services in Australia, Asia, the Americas, Europe and the Middle East. Our clients know we combine global experience with local knowledge to deliver high quality, sustainable projects that give them a competitive edge. Fundamentally we are in the business of construction and we have some of the most experienced construction teams in the sector. For the Ministry of Justice, we have undertaken construction projects at HMP The Mount, HMP Leyhill, HMP Winchester and at courts in London, Portsmouth and High Wycombe.
