

Planning Reference P2013 0660
Welsh Government H69955/A/14/2218276
Description Part of field west of Commonwood Farm and south of Borrass Road,
Commonwood, Holt, Wrexham.

I write in favour of Wrexham County Borough Council, in their defence against an appeal by
Dart Energy to do exploratory drilling for coal bed methane at Borrass in Wrexham.

I would like to be informed of the appeal decision please.

The points I would like to make include,-

1. This application has been turned down by professionally trained officers of the County Borough Council and the Councillors of the Council. I agree completely with the three main reasons that the council turned down the application, namely,-
 - a) The proposed development is environmentally unsustainable, and contrary to policy.
 - b) The development would result in industrialisation of open countryside.
 - c) The proposal could result in geological instability, subsidence and pollution.

2. I am opposed to this application as it could set a precedent, and result in successful application elsewhere in the Borough, and possibly in neighbouring Boroughs, such as Chester West & Chester, the Borough I live in.
