

YOUR COMMENTS ON THE CASE (continued)

Planning For Houses ON THIS Site is An excellent Plan. It will improve the ROADS AROUND and TIDY up the Site

AT Present People ARE using the verge and side as a Tip and disposing of their RUBBISH WHICH will cause vermin and spoil the Bird life etc.

THIS company has Built Houses on A Site in Penycae these Homes are a credit to the area and enhance the Site with these Well Built Nice Homes.

I Hope this Plan will be fast. on our ROAD so improving the Area.

Thank you
