Dear Paul,

Thank you for your email. I confirm that the proposed facing materials are acceptable and I will update the planning file accordingly.

Please let me know should there be any further changes.

Best wishes
Sharon

Subject: Change of materials for P/2014/0470, 65 Castle Rd Coedpoeth

Ref: P/2014/0470 (Rear Bedroom Extension Over Existing Dining Room) 65 Castle Rd Coedpoeth

Sharon,

As requested, with reference to our telephone conversation (30/09/2014), I am confirming that I would like to change the materials used to build the already approved application above.

Currently the plans call for the outer walls to be built with facing brick to match the existing house. After an extensive search I have not been able to find a close match, therefore I would like to build the outer walls using blockwork and render.

The blockwork would be standard concrete blocks, the render would be standard render and painted a cream / magnolia colour.

Many Regards

Mr Paul Cartwright
