Updated Site Logistics Layout attached

Revised "Site Logistics General Layout", revision 01 confirming the following :

- We confirm that we will be completing roadways to basecourse layer for use during construction phase.
- We also confirm that the site gate located on the Bridge Road North roundabout will be open during the working day with free access onto the site (daytime security line within the construction site itself) and these gates will only secured out of hours.
- Directional site signage to cover the construction phase will be erected on Wrexham Industrial Estate to direct construction traffic to the site. Warning signage will also be erected near site access points to warn other road users of construction traffic.
