Re: Planning reference P 2013 0660  
Welsh Gov't reference: H 6955/A/14/2218276  
Description: Part of field west of Commonwood  
Farm and south of Berrae Road, Commonwood,  
Holt, Wrexham.

Dear Sir/Madam

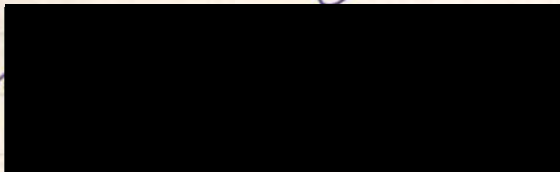

I am writing to express my concern about the above planning application. I am very concerned that the decision to turn down the application by GP Energy is not over turned at appeal.

I understand that the Welsh Government has decided that an Environmental Impact Assessment is not necessary - when there has been so many problems with fracking in other countries. This is very worrying in an area which has a long history of coal mining and which will

mean many unknowns affecting the test drilling - the thought of gas explosion is very scary.

I am also concerned about other environmental damage, caused by increased traffic and that Dart Energy has polluted in other countries.

Yours sincerely
