And Mr William Evans 24/09/46

Dear Mr Mennell,

I would say that Zilla suffers with arthritis in many joints in her body and her son and family have been very helpful in caring at supporting her especially with her mobility and looking after her present accommodation. As far as Mr Evans is concerned he regularly suffers with nasal obstruction and shortness of breath that causes panic and anxiety. Having his son close by is reassuring and supporting to both Evans.

Yours sincerely

J. Patel
