YOUR COMMENTS ON THE CASE

Please provide your representation below.

My objections to the proposed development are made as a direct neighbour to the property.

Park Avenue is a quiet residential road mainly comprising semi-detached houses built pre-war. These houses are occupied by families. Each house has one or two cars.

To change the use of the property as proposed to be house of multiple occupation would completely change the character of the Avenue. If the appeal were granted the number of vehicles emanating from the property could easily be six or more. These would be joining the road next to an eight foot high brick wall with a consequent blind spot. Also existing traffic has caused underground mains services to fracture. This can only be worsened by extra vehicles.

The house at present has three tenants. The noise made by these tenants is sometimes unbearable and for it to double is unthinkable. A man is entitled to the quiet enjoyment of his home especially in his later years.
