Hi Mark

Further to our conversation last week I attach for your reference a (low-res) copy of the draft WSI for a watching brief at the above site. The watching brief is intended to address Condition No. 2 of the planning appeal. I would be pleased to take into account any observations you have on the document I would hope to finalise it at the earliest opportunity. With this in mind I would wish to move towards a position whereby we can comply with the terms of the condition and confirm that a WSI is in place which has been submitted and approved in writing by the LPA. With respect to timing, it is intended to begin the groundworks requiring the watching brief during week beginning 28th Jan. 2013. And if you could advise on a suitable archive repository I'd be grateful. Thanks in advance.

Best wishes

Anthony
