That's brilliant, thanks Matthew.

Apologies, but could I also ask that the roof tile be amended on the next 18 plots on the site – Plots 153-170inc.

We are having problems with availability on the Russell Lothian grey roof tile for the remaining plots on the site. Would you be amenable to the specification of the Marley Duo Modern (the Marley equivalent tile) to Plots 153-170inc?

Tile details can be found using the link above.

Should you have any queries please do not hesitate to ask, otherwise I look forward to your response.

Kind regards

Sherrie,

Sorry for not replying sooner - please see attached re: the materials.

Regards

Matthew

Apologies, layout attached now!

Hi Matthew

Long time no speak - I hope you are well!

We are at the stage of looking at materials for Plots 153-170inc, our next phase of build at Gatewen Village. Please find attached the Materials Layout for your approval, together with links to the proposed brick websites below. We intend to continue with the Hanson Clumber Red as used on Phase 1, but introduce an alternative buff brick – the Hanson Thoresby Buff Multi.

I would appreciate a response at your earliest convenience – if you need any samples just let me know.

Many thanks
