Dear Dafydd

Just a note to confirm we received a copy of the photo survey CD's today. These are fine and have been approved. The condition has therefore been fully complied with and can now be discharged.

Dear Dafydd

Thank you for the CD of PDF photos received today.

Unfortunately as these are compressed PDF files and not the original high resolution photo files from the camera we cannot accept them. We do send out a guidance sheet explaining this (attached), but the planners rarely, if ever, include it with the consent letter and conditions.

If you have the original camera photo files I would appreciate it if you could copy them onto a CD and send them through so that I can confirm compliance with the planners.

Regards
