

This is a detailed architectural floor plan of a three-story building, likely a hotel or apartment complex. The plan is oriented with North at the top. It features a central corridor system with multiple staircases. The rooms are labeled as follows:

- Bedrooms:** There are six bedrooms in total, labeled "Bedroom 1" and "Bedroom 2". Each bedroom includes a bed, a desk, and a chair.
- Bathrooms:** There are three bathrooms, each labeled "Bathroom". Each bathroom includes a toilet, a sink, and a bathtub.
- Home offices:** There are two home offices, each labeled "Home office". Each home office includes a desk, a chair, and a bookshelf.
- Hallways:** A central hallway runs through the middle of the building, with several smaller hallways branching off to the rooms.
- Staircases:** There are four staircases, each labeled "st.". They are located at the top, middle, and bottom of the building.
- Other features:** The plan also shows various closets, storage areas, and a large central area that appears to be a common room or lounge.

This architectural floor plan depicts the first floor of a large, symmetrical building. The central feature is a wide, white, T-shaped corridor that runs vertically through the middle of the structure. On either side of this corridor are large, rectangular rooms, each filled with a dense pattern of horizontal lines. The building's footprint is irregular, with various protrusions and indentations along its perimeter. At the bottom center, there is a small square area containing a circle with a dot inside. To the left of the central corridor, near the bottom, there is a small rectangular box containing four small circles arranged in a 2x2 grid. The overall style is that of a technical drawing or a schematic plan.

Front elevation

- Blue Grey slates
- White painted render
- Blue Grey slate
- 7 ft 6 in. Blue Slate
- Black painted brick
- Re-constructed entrance porch and finish in render to match
- Window muntinings
- New black painted timber windows & doors
- Existing blue grey slates required
- Chimney stacks retained & repaired

Side elevation

Blue Grey slates

Blue Grey slates
