Appeal by Mr R E Forrester
Site at Land to the South of Boundary House, Horseman's Green,
Whitchurch, SY13 3DY

Your Reference: APP/H6955/A/12/2184288

Dear Ms McGowan

I write in support of the owner of the above land in his appeal for Planning Permission to enable the construction of timber framed buildings as per plans etc. in his original application.

Mr Forrester has owned this land for over 25 years and for a good proportion of this time has used it for his horses. He has owned different breeds of racehorses and has been involved in both racing and breeding. The last time that his horses were on this land was 2009/2010 prior to going into training.

The positioning of the buildings appears to be ideal and in this rural setting such buildings should not cause offence to anyone as the keeping of horses is a common rural pastime. I also note Mr Forrester has included some landscaping measures, that includes the planting of trees and shrubs, this can only add to the acceptability of the scheme.

It is my view that Mr Forrester and his family should be allowed to enjoy his property, together with the new buildings, and I therefore respectfully propose that this appeal is decided in the Applicants favour.

Yours sincerely
