Pete,

Does this look ok now

Subject: Black Park Chapel entrance and walkway

Dear Mr Phillips,
Thank you for your email received today. Please find attached plan of ramps and walkway as agreed with Highways (0926-D2C), together with 3D views of the entrance porch and ramps (0926-D13). I trust that this fulfils the requirements of the planning conditions.

The client has asked that the porch should be glazed as the lobby inside the chapel building is very dark. I attach our alternative drawing 0926-D14 showing a glazed porch, with the request for an amendment to the planning consent if this is possible.

Yours sincerely

Anne Netherwood
