Matthew

The plan I received did show some footway in front of their private access ramps - I have asked for some minor amendments.

The wall on site is different to what they showed on the plan - they need to speak to Max Dodd re re-siting the wall

I'm awaiting a revised plan but don't anticipate any problems

Pete,

What was the outcome of the meeting? Are you ok with the amended plan that doesn't include a footway?
