Hello Phil,

I have now received a sample of the Render as detailed below, and I confirm that this material and colour is acceptable.

Kind regards
Sharon

Dear Sharon,

Rivulet Road Materials

Further to our recent telephone conversation regarding material samples for the Rivulet Road site, we understand that a representative from Anwyll Construction will be delivering samples to your office this afternoon for your consideration.

Please find attached two coloured perspective images which illustrate where the materials are to be used on the terraced houses fronting onto Rivulet Road and the "Shared Accommodation" building adjacent to the river.

The samples should include the following:

Bricks

Ibstock "Chester Red blend" (facing brick)

Blue Engineering brick (contrasting brick for the details such as arched window heads and soldier courses to the sills and external steps.

Red Engineering brick (to be used below the DPC)

Roof Tile

Marley "Edgemere" Interlocking tile

Render

K-rend "buttermilk" (a warm off white colour to be used in conjunction with the Chester Red brick to the terraced houses facing Rivulet Road).

We understand that the render sample has yet to arrive on site and should be delivered to you in the next few days.

We would be pleased to receive your approval of the proposed materials. If you have any queries or require any further information please don't hesitate to contact us.

Thank you.

Regards

Phil Oliver
