YOUR COMMENTS ON THE CASE

Please provide your representation below.

I am writing not to criticize the erection of the shed at NO 5 OAKFIELD but to agree to its remaining in situ.

As the neighbour of MR + MRS Ashcroft I have a reason for the shed to remain.

Recently I have been very ill and as a result have heart problems.

The shed has given the boys somewhere to meet with & have time with their friends.

People of all ages especially the younger generation tend to get more lively as the evening proceeds therefore noisier.

MR + MRS Ashcroft took this into consideration and had the shed erected so that the boys & themselves could have some privacy and in doing so gave me the much needed quiet. The shed is not a permanent fixture, is made of wood, is of good quality & not unsightly.

People living at the other end of the close do not see the building.

In fact the only people who can see are the couple in NO 7. and the couple in the estate opposite who have no objection to it.

Having spoken to other residents of this close

YOUR COMMENTS ON THE CASE (continued)

they have no objections to it either.

It seems such a shame that they would have to take it down when really it is doing no harm & not obstructing any views which haven't already been obstructed by other extensions.

So please reconsider your decision and allow the shed to remain

Thank you.
