Importance: Low

Simon,

The montages are for illustrative purposes only. They have been compiled by the landowner but I understand they are to scale. The top illustration is of the original position. The second illustration is the revised position – however the layout has changed slightly as only 4 are in a row with the fifth turbine behind.

The third turbine is to illustrate the comparative size difference of an industrial turbine compared to the domestic scale turbine. These images have not been widely distributed to the public but I did send a copy to Richard Sumner.

In terms of the committee – would it be possible to address the committee prior to the committee hearing? If not, do you allow public speaking at the committee meeting? If so what are the arrangements? Obviously I will not be able to attend, as I will be relaxing by the sea somewhere in Italy. However, I hope that one of my colleagues will be available.

Regards

Steve

It will not be possible for me to complete a report in time for the 2/7/2012 committee.

I note that you have prepared some photos/ montages of the turbines, for the leaflet sent out to local residents. May we have a copy please- good quality image if possible.

thanks

Many Thanks Simon.

If there is any possibility of getting it to the 3rd July committee, I would be extremely grateful. I will be on holiday on 30th July and I would like to speak at the committee meeting.

Regards

Steve

Dear Simon,

Please see attached amendments to the springhill farm planning application. As discussed, we have moved the proposed turbine location in line with advice given by you and Richard Sumner. I have also attached a report carried out by our noise consultant.

In terms of the proposed route for construction, please see link below. However, it should be noted that the components will be delivered to site on standard flatbed trucks – there are no abnormal loads involved.

<<https://maps.google.co.uk/maps/ms?msid=218209933542023877656.0004c1c8df43358e579cc&msa=0&hl=en&ie=UTF8&ll=52.892956,-3.103466&spn=0.031484,0.090723&t=m&z=14&vpsrc=6&iwloc=0004c1c8df49b2b1c32a5>>

I would be grateful if you could let me know if this is sufficient for you to determine the application and inform me of when you will be in a position to provide me with a committee date. I feel that it would be appropriate for me to speak at the committee meeting.

If there is any further information that you require, please do not hesitate to contact me.

Kind regards

Steve
