

MEMORANDUM

From: Network and Infrastructure Manager **To:** Chief Planning Officer

Our Ref: PD/P/2012/0154

Your Ref: P/2012/0154

Date: 28 March 2012

TOWN AND COUNTRY PLANNING ACT 1990.

TOWN AND COUNTRY (GENERAL DEVELOPMENT PROCEDURE) ORDER 1995.

Location: O. S Grid Ref: 3250 5430 Disused Bradley Mill, Bradley

Development: Conversion and change of use to single dwelling

I refer to your consultation dated 1 March 2012 in respect of the above.

The development site is located on a classified highway subject only to the national speed limit although vehicular speed is considered to be no more than 30 mph due to the geometry of the road.

The proposal seeks to utilise an existing field gate access to the south of the site to serve a new garage, parking and turning area.

Visibility at the access is well below Welsh Government guidelines, being restricted to the south by a hedgerow and to the north by the boundary wall. The land required for visibility is however under the control of the applicant and it is therefore possible to achieve adequate visibility at the site access.

I recommend any permission include the following conditions:

CONDITIONS

- | | |
|---------------------|--|
| ZJO7
043R | ACCESS SURFACE (5 metres)
Prior to first use of the vehicular access hereby approved, the access shall be surfaced with hard bound materials (e.g. bituminous macadam) for a minimum distance of 5 metres behind the adjoining highway. |
| ZJO9
033R | NO GATES
There shall be no gates or other means of enclosure across the vehicular access point within 5 metres of the highway boundary. |
| ZJ15
038R | VISIBILITY SPLAYS IN BOTH DIRECTIONS (NEAR SIDE)
Prior to first use of the development hereby approved the vehicular access shall provide visibility splays of 2.4 metres x 43 metres in both directions measured to the nearside edge of the adjoining highway. Within these splays there shall be no obstruction in excess of 1 metre in height above the level of the nearside edge of the adjoining highway. |

The splays shall thereafter be permanently retained clear of any such obstruction to visibility.

ZJ46 NO PRIVATE SURFACE WATER RUN OFF

026R No private surface water run off shall be permitted to flow from the development site onto the adjoining highway. An Aco drain or similar shall be provided across the approved access to intercept any such run off prior to first use of the development.

ZJ22 PARKING AND MANOEUVRING TO BE KEPT CLEAR

035R The vehicular parking and turning areas as shown on approved drawing(s) No(s). Plans 2 HPR P6 shall be fully laid out, surfaced and drained prior to first use of the development. These areas shall thereafter be permanently retained and kept free of any obstruction, and made available solely for the parking and turning of vehicles at all times.

Peter Doonan
