The turning area shown is acceptable although I will require bollards at the western end of the turning area (as shown on attached plan) to ensure vehicles do not continue to drive up the footpath.

I have spoken to Sean Hanratty in PROW and he has advised me that the revisions are acceptable to him.

regards
Pete

Dear Simon,

Further to the meeting held on site between Mike Forgrave of Gower Homes, Peter Douthwaite, Sean Hanratty and yourself earlier this week, I attach the revised site plan, drawing number 12.5348/1 revision J with additional annotation to the area of the public footpath and trust this is a true account of the decisions reached on site.

At your earliest convenience, could you please take a look at the attached, confirm your acceptance and whether this will now deem suitable for the decision to be issued.

Should you require any further information, please do not hesitate to contact me.

Kind regards,

Kathryn

Parry Davies Architects.
