Description of Proposed Works

Please describe the proposed works

Full details and plans in attached document.

0.63m strip of fence, set back 0.5m behind, and extending 0.49m above, an existing 1.25m wall which has been in place approx 100 years.
Primary purpose is to protect my property from passers-by dropping bags of dog faeces.
I did not realise that I needed planning permission for this work - my apologies.
I have now paused all work until the determination of the outcome of this application.
Fence is directly in front of a 2.75m hedge (beech, planted with briar rose).
The fence does not extend below the level of the top of the wall, to avoid damage to the hedge and pollinator-friendly roses.
There is a shelf between the fence and the wall, upon which I intend to plant pollinator-friendly plants (Sedum varieties) which would hide the fence.

Full details and plans in attached document.

Ms Nolf advised me that the fence is in breach of planning control. I should therefore either move the fence back by 0.5m or submit a retrospective planning application.

NB: If I do move the fence back by 50cm, it will destroy the beech/briar rose hedge, which I was trying to avoid, but I will be able to maintain privacy by increasing the height of the fence to 2m. I will also lose the shelf at the front and the planned pollinator-friendly plants. It will look ugly and obtrusive from the road.

If I simply tick the boxes to become compliant, the result will be to increase my privacy, but it will be significantly more conspicuous and detrimental to the environment. I'm keen to find a sensible compromise and would welcome dialogue with the Council to that end.
