Proposed Demolition Works

Please describe the building(s) to be demolished

Bryn Erddig, detached single storey dormer bungalow with associated garage

Please state the reasons why demolition needs to take place

In poor structural repair.
Has been vacant for some time.

Please describe the proposed method of demolition

Selective demolition,demolition by hand and demolition by machinery.
A full survey of the property will be undertaken prior to demolition to identify any hazardous substances and materials.
There will also be a review of the preference of the nearby neighbourhood to noise and dust, as well as other possible impacts of the demolition to the community.
A detailed plan on how the demolition will best be executed will be developed. The demolition plan will contain specifics on which demolition methods to use in each part of the building along with the sequence of how it will be carried out.
Supporting details such as the location of the building and its distance from other structures and roads, as well as from vulnerable zones such as schools and hospitals, will be indicated.
The demolition plan will contain all the measures on how to manage health, safety, and waste disposal before, during, and after the demolition.

How and where would spoil/rubble be disposed of?

spoil and rubble will be disposed of off site by a registered waste removal company.
Any materials that can be reclaimed, reused or can be presented for sale will be stored onsite on pallets away from the site boundaries.

Please provide details of the proposed restoration of the site

The site will be turfed and landscaped where the proposed demolition is present and used as an extended garden by the adjoining Woodrarn House
