ROOF AND CLADDING OPTIONS

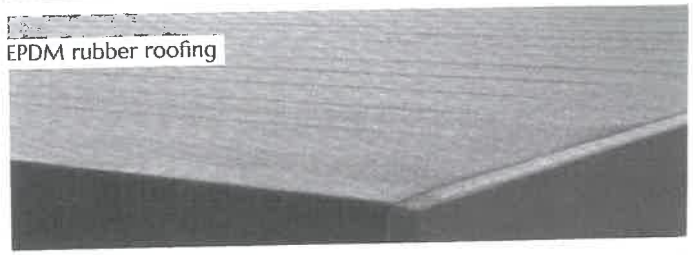

Our Superior Sheds and Garages come fitted with heavy duty felt roofing as standard; however, you can opt to have slate effect tiles in either terracotta or grey or cedar shingle tiles for a more luxurious finish, and for an industrial look, we have corrugated steel as an option.

We also offer different cladding options. Smooth shiplap is our standard option, but there is weatherboard cladding for a more rustic finish.

GUTTERING

To aid water distribution and protect our premium quality timber from the risk of premature rot. we offer either black or white guttering to add to your building.

ROOF OVERHANG

Our charming roof overhangs add an element of weather protection alongside enhancing the look of your building.
