	NB: Sewer symbol colour indicates the type.		Private Sewer Transfer
RED - Combined			Lateral Drain
GREEN - Surface Water			Inspection Chamber
BROWN - Foul			
Purple - Former S24 sewers (for indicative purposes only)			

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cylindref (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and is not warranted as to its correctness in the event of excavations or other works made in the vicinity of the Company's apparatus. The error of locating apparatus before carrying out any excavations will be entirely on you. The information which is supplied by the Company is done so in accordance with statutory requirements of sections 103 and 109 of the Water Industry Act 1991 which is based upon the best information available and, in particular, but without prejudice to the generality of this disclaimer, it should be noted that the records that are available to the Company may not include the whereabouts of water mains, service pipes, drains, lateral drains or disposal mains and any associated apparatus (as defined in September 1990, or if not as so, the potential thereof) and their position and depth may not be accurate. It must be understood that the furnishing of this information is entirely without prejudice to the provisions of the New Roads and Street Works Act 1991 and the Company's liability is compensated for any damage to be anticipated.
