

Electrical work to be installed, tested and commissioned by competent person is registered to a scheme under Part P of the current Building Regulations and BS7671.

Existing structure insulation (cavity walls and loft) to be improved in accordance with Part L of the current Building Regulations

regulation 20.15. The client must appoint a contractor, if more than one contractor is to be involved, the client will need to appoint (in writing) a principal designer (to plan, manage and coordinate the planning and design work), and a principal contractor (to plan, manage and coordinate the construction and ensure there are arrangements in place for managing and organising the project).

The designer can take on the duties, provided there is a written agreement between you and the designer to do so.

(a) Last longer than 30 working days and has more than 20 workers working simultaneously at any point in the project.
Or:
(b) Exceeds 500 person days.
