Pontcysyllte Aqueduct and Canal

This advice is given in response to a planning application for alterations to caravan park at Lady Margarets Park, Chirk Castle, Chirk

The above designated historic assets are located inside 3km of the application area and it is located inside the identified buffer zone for the Pontcysyllte Aqueduct and Canal World Heritage Site: however, the proposed development is a refurbishment of the existing caravan park which is entirely enclosed by extensive mature woodland. As such it is unlikely that the proposed works will be visible from outside the caravan park and therefore they will not have any impact on the settings of the designated historic assets or the outstanding universal values of the World Heritage Site. We therefore have no objections.

Kind regards

Nichola
