

Planning reference: P2020 0363

Good morning,

Regarding the above planning submission, I wish to draw your attention to the following concern.

Our school, Ysgol Deiniol, is connected to Marchwiell Nature Reserve; this land separates the school from the proposed development site by approximately 300 yards. My concern is that I'd like assurances that noise from the development will not affect the teaching and learning in the school.

Kind regards,

Kevin Baugh
