Hi Rhodri,

Thanks for getting back to me and for confirming your response.

I am in consultation with highways etc. internally and they are reviewing the CCTV assessment of the condition of the pipe and potential outfall etc. before agreeing to any discharge into their pipe. I will be holding on to this application until I know that there is a solution for the site. Though with SAB approval now being relevant, I don't know just how involved I should be getting before permission is granted.

Thanks again and best wishes,
Sharon

Hi Sharon,

Thank you for the email below, I have taken over this area from my colleague Alaw,

From reviewing attached drawing it appears that there are number of surface water removal options, we would be satisfied with surface water discharging into the highway drainage, only concern is that it doesn't appear that approval has been granted by highways authority on this at this time.

We would reiterate that while we will not support any discharge of surface water to combined sewer.

Thank you,

Rhodri

Hello Alaw,

I hope that you are keeping well.

Further to your consultation response (copy attached), please see attached indicative drainage scheme for your comments

Kind regards
Sharon
