

General Notes:
Tree and Boundary Hedgerow Management:
- Hedge to be 1.5m minimum to encourage birds and animals to feed
- Hedge trimming to be left to late winter to allow birds to feed berries over winter
- Work on trees and hedges to be carried outside of bird breeding season.
- Trees planted will be left to mature.
- Cut or broken branches to be used as dead hedging to encourage new growth and provide wildlife cover.
- All planting to take place on first available planting season following commencement of development
- Low maintenance species have been selected to for ease of management and minimum disturbance to wildlife.
