INSTALLATION OF PLANT, MACHINERY, DUCTING, EXTRACTS AND FLUES ON THE MAIN BUILDING AND EXPANSION OF THE EFFLUENT TREATMENT PLANT

In reaching this decision the Council has had regard to the following relevant policies: -

Development Plan Policies:

Policy GPD1
Policy EC4
Policy EC6
Policy EC13
Policy T8

Revision	Date	Description of Decision
0	27/11/2025	Planning permission issued

Particulars of decision : GRANTED subject to the following:-

Condition(s)

1. The development hereby permitted shall be commenced before the expiry of five years from the date of this permission.

In pursuance of its powers under the Acts an Orders referred to below, the County Borough Council as Local Planning Authority, hereby determines your application in accordance with the particulars and plans comprising the application

Reference P/2025/0406

Date Received 15/05/2025

Decision Date 27/11/2025

2. The development shall only be carried out in strict accordance with the details shown on the following plan(s) and document(s):
Site location plan number W - 000001 - Revision 00
Proposed elevations plan number W -OO1010 Revision 00
Proposed roof section plan number W - 000200 Revision 00.
Proposed Site Layout Plan- number W - 000003, Revision 00

3. No development to the effluent treatment plant, including site clearance, shall commence until a GCN plan of reasonable avoidance measures has been submitted to and approved in writing by the Local Planning Authority. The plan of reasonable avoidance measures should include, but not necessarily be limited to:
• proposals for the clearance of GCN individuals from working areas,
• details of timing, phasing and delivery of reasonable avoidance measures The plan of reasonable avoidance measures shall be carried out in accordance with the approved details.
Justification: To ensure that GCN are protected by the development.
Biosecurity We consider biosecurity to be a material consideration owing to the nature and location of the proposal. In this case, biosecurity issues concern invasive non-native species (INNS) and diseases. We therefore advise that any consent includes the imposition of a condition requiring the submission and implementation of a Biosecurity Risk Assessment to the satisfaction of the LPA. We consider that this assessment must include:
I. appropriate measures to control any INNS on site; and
II. measures or actions that aim to prevent INNS being introduced to the site for the duration of construction and operational phases of the scheme.

In pursuance of its powers under the Acts an Orders referred to below, the County Borough Council as Local Planning Authority, hereby determines your application in accordance with the particulars and plans comprising the application

Decision Date 27/11/2025

4. No development to the effluent treatment plant, including site clearance, shall commence until a Biosecurity Risk Assessment, and Method Statement that considers invasive non-native species and specific diseases (e.g. Chytrid) has been submitted to and approved in writing by the Local Planning Authority. The risk assessment shall include measures to prevent the introduction of and where present control, removal or for the longterm management of invasive species both during construction and operation. The risk assessment shall consider landscaping and other related plans. The Biosecurity Risk Assessment shall be carried out in accordance with the approved details.

Reason(s)

1. To comply with Section 91(3) of the Town and Country Planning Act, 1990.

2. To comply with Section 71ZA(2) of the Town and Country Planning Act, 1990.

3. To ensure that an approved Biosecurity Risk Assessment is implemented to secure measures to prevent or control the spread and effective management of any invasive non-native species and listed diseases at the site and to comply with Policy EC6 of the Wrexham Unitary Development Plan

4. To ensure that an approved Biosecurity Risk Assessment is implemented to secure measures to prevent or control the spread and effective management of any invasive non-native species and listed diseases at the site and to comply with Policy EC6 of the Wrexham Unitary Development Plan.

Note(s) to applicant

In pursuance of its powers under the Acts an Orders referred to below, the County Borough Council as Local Planning Authority, hereby determines your application in accordance with the particulars and plans comprising the application

Decision Date 27/11/2025

All works in relation to the implementation of this permission, including deliveries to and /or leaving the site, should be undertaken only between the hours of 07.30 to 18.00 Monday to Friday, 08.00 to 14.00 on a Saturday, and at no time on a Sunday or a Bank Holiday. Outside these times, any works which are audible beyond the site boundary have the potential to cause unreasonable disturbance to neighbouring premises.

The applicant is advised that the Council has the option to control construction noise by serving a Control of Pollution Act 1974, Section 60 Notice where deemed necessary, and failure to comply with such a Notice can result in prosecution.

The applicant is further advised that any complaints received relating to noise of any type from the development may also be investigated using the Council's Standardised Procedure for Dealing with Noise Nuisance Complaints. This is done under the Statutory Nuisance provisions provided within the Environmental Protection Act 1990, and legal action may be taken where appropriate.

The applicant must adhere to the times given above wherever possible. If, however, there are urgent or unavoidable circumstances requiring work outside of the specified times, permission to proceed may be sought by contacting Environmental Health & Housing Standards at healthandhousing@wrexham.gov.uk or 01978 292040. Please use the same contact details for any other enquiries regarding construction / demolition site noise.

The applicant is advised that some public sewers and lateral drains may not be rec orded on our maps; some sewers were originally privately owned and were transfe rred into public ownership by nature of the Water Industry (Schemes for Adoption o f Private Sewers) Regulations 2011. The presence of such assets may affect the p roposal. In order to assist us in dealing with the proposal the applicant may contact Dwr Cymru Welsh Water. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times. In accordance with Plannin g Policy Wales (Edition 12) and Technical Advice Note 12 (Design), the applicant i s advised to take a sustainable approach in considering water supply in new devel opment proposals, including utilising approaches that improve water efficiency and reduce water consumption. We would recommend that the applicant liaises with th e relevant Local Authority Building Control department to discuss their water efficie

ncy requirements. If the development will give rise to a new discharge (or alter an existing discharge) of trade effluent, directly or indirectly to the public sewerage sy stem, then a Discharge Consent under Section 118 of the Water Industry Act 1991 is required from Dwr Cymru / Welsh Water. Please note that the issuing of a Disch arge Consent is independent of the planning process and a consent may be refuse d although planning permission is granted. The planning permission hereby grante d does not extend any rights to carry out any works to the public sewerage or wate r supply systems without first having obtained the necessary permissions required by the Water industries Act 1991 Our response is based on the information provide d by your application. Should the proposal alter during the course of the application process we kindly request that we are re-
consulted and reserve the right to make new representation. If you have any queri es please contact the undersigned on 0800 917 2652 or via email at developer.ser vices@dwrcymru.co
