ALL THAT YOU EXPECT FROM THE ENGLISH DOOR COMPANY™

The English Door Company™ offers the very best in design and manufacturing excellence. By using the latest modern materials, our doors are created to emulate the richness and depth of real timber, but without the problems traditionally associated with wooden doors.

Our long lasting, highly durable doors need very little maintenance. They have excellent thermal and sound proofing properties and extremely efficient security features.

CRAFTSMANSHIP

At The English Door Company™, hand-finished excellence comes as standard. This is because we employ traditionally skilled craftsmen as well as technicians. In fact there are more people than machines in our factory ensuring exceptional quality control throughout the manufacturing process.

SECURITY

Protection and safety is important to everyone, therefore we place great emphasis ensuring that your door entrance is as secure as possible. For your peace of mind, our doors are supplied with comprehensive multi-point locking systems that are tough enough to cope with day to day life.

INSTALLATION

Once you have chosen your preferred design and all the various details for your new door, your nearest English Door Company™ retail partner will handle your purchase. They will arrange a survey if required to assess the exact door size and frame size and then they will allocate an experienced team to carry out the installation with the utmost care and attention.

Your dealer will arrange for this be sent to you once your installation has been completed to your satisfaction. Please keep it in a safe place.

COLOUR PALETTE

Whilst design plays an important part of the overall impact of your door, the colour you choose can make it truly individual. A vast variety of available colours can help a door compliment its surroundings, or stand proud and demand attention. Only you can decide what works best for your home.

Our colour matching service enables us to colour finish our door to any colour you choose. We can even match to your plant pots or your favourite colour jumper!
Alternatively, we have a standard range of colours in our Stormproof collection and a range of colours to suit cottage doors.

A MULTITUDE OF COLOURS TO CHOOSE FROM

If you find that our popular standard foil colours are not quite what you are looking for, we have a solution.
Your door can be Kolorbond finished to any one of over 200 RAL paint colours. Ask your Evolution retail partner to show you a RAL colour swatch and make your own personal choice of colour to match your requirements - anything is possible!

VISION ETCHED DESIGNS

For a subtle effect to your glazing panels, why not consider a vision etched design.

This finish is ideal for adding personal touches to your door, such as your house name or number, or for creating simple linear patterns and shapes.

Using vision etching allows you to create a unique effect without having to use lots of colours or textures.
