Dyddiad/Date: 08 December 2025

Annwyl Syr/Madam/Dear Sir/Madam,

BWRIAD/PROPOSAL: RESERVED MATTERS PERSUANT TO OUTLINE PLANNING PERMISSION P/2023/0606 (ACCESS, APPEARANCE, LANDSCAPING, LAYOUT AND SCALE) – ERECTION OF DWELLING

LLEOLIAD/LOCATION: WYNN OFFA, WYNNSTAY YARD, THE GREEN, RUABON, WREXHAM, LL14 6DP

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above, which we received on 19 November 2025.

We have concerns with the application as submitted. To overcome these concerns, further consideration is required regarding foul drainage. Further details are provided below.

Protected Sites and Foul Drainage

We note the application site is within the catchment of the River Dee and Bala Lake Special Area of Conservation (SAC). In line with our Advice to Planning Authorities for Planning Applications Affecting Nutrient Sensitive River Special Areas of Conservation (22 October 2025), under the Habitats Regulations, Planning Authorities must consider the impact of proposed developments on water quality within SAC river catchments. We therefore advise you to consider whether the proposals, as submitted, would increase the volume of foul discharge from the site in planning terms.

The proposed development could potentially lead to an increase of phosphorus load from the receiving wastewater treatment works into the River Dee and Bala Lake Special Area of Conservation. The majority of the River Dee catchment in Wales is currently failing to meet water quality targets for phosphorus. The nutrient impacts of new connections need to be considered on a case-by-case basis within the Habitats Regulations Assessment process. Whilst NRW permitting service has completed a Review of Water Company Discharge Permits we are currently undertaking further data analysis for the River Dee following a number of enquiries and questions from stakeholders and several ongoing

Appeals. We will be able to provide further advice to your Authority once we have concluded the review.

Ultimately, it is for your Authority to consider to what extent the above is a material consideration in the context of the current application. If you determine that NRW's Advice is a material consideration to this application, then you will need to consider the Habitats Regulations and screen the proposal accordingly.

Other Matters

The advice in this letter relates to matters which are included on our consultation topics list. We do not rule out the potential for the proposed development to affect other environmental interests that are not included on this list.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our website for further details.

If you have any queries about the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully,

Pauline Gallagher Brown
