2. The development shall only be carried out in strict accordance with the details shown on the following plan(s) and document(s): Location Plans dated 17th November 2025 and Site Plan Dwg No: 01.

3. The development hereby permitted shall not be occupied until the measures to deliver net benefit for biodiversity (NBB) shown within the Green Infrastructure Statement have been implemented in full. The measures shall thereafter be maintained for the lifetime of the development.

4. Prior to first use of the vehicular access hereby approved, the access shall be surfaced with hard bound materials (e.g. bituminous macadam) for a minimum distance of 5 metres behind the adjoining highway.

5. The vehicular access(es) hereby approved shall take the form of a dropped vehicular crossing and shall be carried out in accordance with the detail as set out in the approved plans within 6 months of the commencement of development on site.

6. Prior to first use of the development hereby permitted the vehicular access shall provide visibility splays of 2.0 metres x 25 metres in both directions measured to the nearside edge of the adjoining highway. Within these splays there shall be no obstruction in excess of 1 metre in height above the level of the nearside edge of the adjoining highway. The splays shall thereafter be permanently retained clear of any such obstruction to visibility.

7. No private surface water run off shall be permitted to flow from the development site onto the adjoining highway. An Aco drain or similar shall be provided across the approved access to intercept any such run off prior to first use of the development and thereafter permanently retained.
