Dear Sir/Madam

Grid Ref: SJ283511 328401 351195
Site: New Inn High Street Coedpoeth
Development: CHANGE OF USE OF BUILDING FROM MIXED USE CLASS C3/D1 (DWELLING/CLINIC) TO CLASS C3 (DWELLING)

We refer to your planning consultation relating to the above site, and we have no objection in respect to the proposed development.

The change of use does not involve the creation of any new floorspace and the proposal does not seek to intensify the use of the existing connection to the main sewer.

We note that the application specifies the proposed method of surface water disposal to be via a sustainable drainage system.

Therefore to ensure there is no detriment to the public sewerage network we request that should you be minded to grant planning permission the following Condition is included.

Conditions

Surface Water

No surface water from any increase in the roof area of the building /or impermeable surfaces within its curtilage shall be allowed to drain directly or indirectly to the public sewerage system.

Reason: To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment.
