Dear Sharon,

Re: planning application P/2026/0114

Thank you for your email, and I now attach the information you requested.I hope that this meets your requirements.
I also confirm that there is **one** private hire vehicle subject to this application.

Although I understand your classification as a Private Hire Driver, this is an Executive Chauffeur Service, targeted at Corporate Executives & ViPs and all pre-booked in advance.

To support my application, I am further confirming that:

1. There is no material change of use to my property - I have simply registered Bamfords Executive Chauffeur Services at my home address.
2. I will work from home alone.
3. Bookings will be taken quietly & in advance.
4. No customers will be picked up or dropped off at my home.
5. There are no vehicle parking or access requirements/ issues.

I trust that this helps, and allows you to progress my application, but please do let me know should you need anything further.

With kindest regards,
