16x10 Grandmaster Traditional Windowless Workshop Central Door

W4.77m x D3.19m / W15'8" x D10'5"

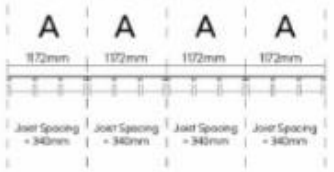

A: Overall Building Width (including overhang) = 15'8" / 4.77m
B: Overall Building Depth (including overhang) = 10'5" / 3.19m
C: External Ridge Height (including floor) = 8'1" / 2.47m
D: External Eaves Height (including floor) = 6'9" / 2.06m
E: Total Floor Width = 15'5" / 4.57m
F: Total Floor Depth = 9'9" / 2.98m
G: Door Opening Width = 5'1" / 1.56m

Front of Building

Floor Profile

Please note: your base must be solid and perfectly level with drainage to allow water to run off the surface. There must also be a suitable clearance on each side to allow annual treatment to be applied.
