Annwyl Syr/Madam/Dear Sir/Madam,

Bwriad/Proposal: Trawsnewid garej ddwbl a champfa ategol yn ystafell gemau ar y llawr gwaelod ac anecs preswyl ar y llawr cyntaf gan gynnwys creu balconi / Conversion of ancillary double garage and gym to ground floor games room and first floor residential annex including creation of balcony

Lleoliad/Location: Croeshowell Cottage, Croeshowell Lane, Burton, Rossett, Wrexham, LL12 0LB

Thank you for consulting Cyfoeth Naturiol Cymru/Natural Resources Wales (NRW) about the additional information for the above, which we received on 08 May 2026.

We have **no objection** to the proposed development as submitted and provide the following advice.

Protected Sites and Foul Drainage

We note the application site is within the catchment of the River Dee and Bala Lake Special Area of Conservation (SAC). In line with our Advice to Planning Authorities for Planning Applications Affecting Nutrient Sensitive River Special Areas of Conservation, under the Habitats Regulations, Planning Authorities must consider the impact of proposed developments on water quality within SAC river catchments. We therefore advise you to consider whether the proposals, as submitted, would increase the volume of foul discharge from the site in planning terms.

We note the application, as submitted, proposes a change of use to the detached garage and gymnasium to a single bedroome falt and games room ancillary to the main existing building. You may wish to consider whether this development proposal would result in the creation of independent living accommodation, a separate planning unit and/or whether

the use can no longer said to be ancillary to the main residence. In this respect, we refer you to our Advice and the section titled 'What does this mean for domestic extensions?'

Ultimately it is a matter of judgment for you, as Competent Authority, to satisfy yourselves that the proposed development will not result in a significant effect on the SAC.

Protected Species

No ecological information has been submitted in support of this application. We note that there are records of bats within the vicinity of the application site. We recommend you seek the advice of your Authority's internal ecological adviser about the requirement for further information to be submitted in support of the application, the need for bespoke surveys and the scope of further information, where required.

Other matters

The advice in this letter relates to matters which are included on our consultation topics list. We do not rule out the potential for the proposed development to affect other environmental interests that are not included on this list.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our website for further details.

If you have any queries about the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully,

Rachael Burke
