Pre-app response attached. Conclusion from the response is below:
Overall Conclusion
Based upon the information submitted as part of this enquiry, I can confirm that a formal planning application would need to be submitted to the council.
At this stage, there is possibility that the proposed replacement dwelling could be acceptable subject to the existing dwelling having no architectural or historical merit that would make it worthy of retention and that the proposed modern design is of high quality design. More information regarding the existing dwelling is required and justification for the replacement of the building and new design. The visual impact upon the AONB would also need to be considered.
