TREE PROTECTION PLAN WITH LAYOUT

- Category A tree
- Category B tree
- Category C tree
- Tree to be removed shown as dashed outline (colour According to category)
- Root Protection Area
- Protective Barrier
- No Dig Area
- Ground Protection Area
- Proposed development

T2

Total area of RPA T2 = 137m2

Area of RPA impacted = 21.65m2

% of RPA impacted = 15.8%

T3

Total area of RPA T3 = 168m2

Area of RPA impacted = 9.81m2

% of RPA impacted = 5.8%

Special measures prescribed within the RPAs of T2 & T3 in the form of a No Dig solution (helical screw piles) to minimize impact on tree roots and Ground Protection Area to provide working space, whilst protecting tree roots
