

The former pathway from WLL, Waterloo Lane & GEH, George Edwards Hall car park to the MUGA and Plas Kynaston Hall and Football ground used to continue on from here. The pathway to the Holly Bush Inn used to join it under what is now Oxford Street. The construction of Oxford Street and Tesco in 2012/13 has obviously closed off one pathway and pushed the other to one side as we find the case is today.

Perhaps Cefn Museum has photographs of this area before the Construction of Tesco and Oxford Street?
