Subject: FAO Sarah Duckworth RE: P/2026/0508 -BRYMBO IRON AND STEEL WORKS - discharge of condition

Good morning Sarah,

Regarding the planning application referenced above.

The proposed development was subject to condition 11 requiring four Historic /Building records be made:

- Charging Wall Level 3 Historic Buildings Record
- Agents House Level 2 Historic Buildings Record
- Lamp Room and Winch House Level 2 Historic Buildings Record
- Scheduled Area Level 4 Historic Buildings Record

The information held in the HER indicates that only one of those four, the Agents House, has been deposited. Communications have been made with the company undertaking the surveys, but no response has yet been forthcoming.

As such **we cannot discharge condition 11** until the remaining surveys are deposited via HEDDOS.

Kind regards,

Karl Macrow
