OP.09

- Allow to label, remove and store existing doors in adjacent store room
- Carefully open up existing frame to ascertain continuity of fire compartment line
- Allow to carefully piece in new timber to ensure continuity of fire complementation as necessary
- Allow to install new temporary door frame using reversible fixings and fire stop around
- Allow to install new fire door blanks to ensure appropriate fire complementation during the PCSA period while the final proposal is developed

KEY

DA - Door Alterations
DB - Distribution Board
FS - Fire Stopping
EH - Erddig Hall Interventions
OP - Opening Works

Only items within purple box refer to opening up. Items are relevant to the Listed Building Consent Application in August 2025

Refer to Schedule of works

Black text - relevant to LBC Application August 2025
Grey text - relates to future full works which is subject to a full application. Included for context and understanding of the opening up works application but these works are not included within the above noted application.

Notes

1. Any dwg format drawing is to be read in conjunction with and at the scale of the accompanying pdf.
2. Where colours other than black or grey are used, the drawing must be plotted in colour.
3. For status 'C' (Construction) drawings all dimensions are to be checked on site by the contractor, scaling is for Local Authority purposes only.
4. Unless otherwise indicated, all dimensions are in millimeters.
5. All information on this drawing is to be read in conjunction with the relevant Donald Insall Associates specification and trade contractors' drawings and information by specialists.
6. In the event of any discrepancy, please contact us immediately.
7. This drawing may contain survey information by others and is to be used solely for the purposes for which it was issued.
8. These are uncontrolled documents issued for information purposes only. If you have any queries regarding the drawings, please contact DIA immediately.
9. Please note DIA cannot be held responsible for any errors arising from changes made to an uncontrolled dwg file.
