Date Received 17/08/2026

Decision Date 22/10/2026

Reason(s)

1. The application has not demonstrated that it would provide the required levels of visibility for the development and as such has not shown a safe means of vehicular access, that would not be prejudicial to highway safety, and therefore conflicts with policy GDP1 of the Wrexham Unitary Development Plan

2. Insufficient information has been submitted to demonstrate that the development will not have an adverse impact upon the adjoining A483 trunk road. In the absence of this information, the development has the potential to have a detrimental impact upon highway safety and therefore conflicts with policy GDP1 of the Wrexham Unitary Development Plan.

3. Insufficient information has been submitted to demonstrate that development has not had and will not have an adverse impact on statutory protected species and that appropriate measures to deliver a net benefit to biodiversity and to adequately replace trees that have been removed can be put in place. The development therefore conflicts with policies EC4 and EC6 of the Wrexham Unitary Development Plan and paragraphs 6.4.5 and 6.4.42. of Planning Policy Wales 12.

4. Insufficient information has been submitted to demonstrate that due to the proximity of the site to the A483 trunk road, the site is suitable for residential occupation due to the potential for unacceptable noise and air quality. The development therefore conflicts with policy GDP1 of the Wrexham Unitary Development Plan and TAN11.

5. In the absence of information to demonstrate connection to the public foul sewer network is not feasible, the proposed foul drainage arrangements conflict with paragraph 6.6.21 of PPW11 and guidance in Circular 008/2018.

In pursuance of its powers under the Acts an Orders referred to below, the County Borough Council as Local Planning Authority, hereby determines your application in accordance with the particulars and plans comprising the application
