[redacted]

Also, just to confirm … there will be no internal or external alterations to the annexe in my back garden. It is already being used by family and friends and there is sufficient parking for 3-4 cars but there will only ever be 2 cars - my own car and one other of the guests staying as the annexe is only for 2 guests. It is not big enough for more than 2 people.

Please can you let me know if this plan with marked parking area is acceptable Sharon?

Many thanks and kind regards
