Environmental Noise Data Technical Note

Site Address:	Roxburgh House, 12 Hill Street, Wrexham, LL11 1SN
Project Reference:	NP-014316-2
Subject:	Acceptance of environmental noise data collected by NOVA Acoustics Ltd.
Client:	M1 Trade Ltd
Reported By:	T. Sloan, BSc, MIOA
Checked By:	
Date:	19/10/2026

Summary

'NoiseAir Ltd' was originally commissioned to survey the proposed development site between 29/11/2025 – 01/12/2026 and provided acoustics report ref. P9413-R1-V1.

This report was received by the 'Wrexham Country Borough Council' LPA, who responded with guidance and a requirement for further information, resulting in the client 'M1 Trade Ltd' commissioning 'NOVA Acoustics Ltd' to resurvey the site between 05/06/2026 – 08/06/2026.

The results and subsequent 'NOVA Acoustics Ltd' report ref. NP-014316 (Rev 02) was provided to the LPA by 'M1 Trade Ltd'.

Due to discrepancies between the 'NOVA Acoustics Ltd' survey, and survey undertaken by 'NoiseAir', the LPA required that the survey data collected at this site was verified. As such, 'NOVA Acoustics Ltd' repeated the noise survey at the exact same monitoring locations.

This survey was undertaken between the 09/10/2026 – 12/10/2026. The gathered data produced results which were near identical to the initial 'NOVA Acoustics Ltd' survey, +/-1dB overall.

The results and subsequent 'NOVA Acoustics Ltd' report ref. NP-014316 (Rev 03) was provided to 'M1 Trade Ltd'.

It is noted that both sets of data gathered by 'NOVA Acoustics Ltd' are more recent, taken during differing times of the year presenting a more holistic view of the environmental noise climate. Therefore, it can be concluded that both sets of data corroborate one another with a high degree of confidence.

The acceptance of the most recent 'NOVA Acoustics Ltd' report and data is at the discretion of the LPA.
